MRS. EMILY REED, Truro, Iowa.

## Announcement.

For this first sale of registered Short-Horn cattle from the Elder Lawn Herd I have selected an offering that I believe should meet the approval of every lover of good cattle. I have been breeding registered Short-Horn cattle for the past five years and have always kept in view the two great points which have made Short-Horns famous, i. e., beef and milk, and believe I am offering as many big broad-backed cows, and as sweet a lot of heifers as have gone through any sale this season, and the pedigrees will show some of the best blood to be found anywhere.

These cattle will be presented in good, strong breeding condition, but not fat, and can be easily maintained by any judicious farmer. There will be around a dozen calves at foot and a large number of cows due to calve shortly after sale. These cows are mostly bred to one of my herd bulls, either the pure Scotch bull Lord Avon 194804, or the great Bates bull Waterloo Wild Eyes Duke 3d 178840, which was bred and retained in service as herd bull at Walnut Hill until this season.

Among the bulls catalogued will be found a few with quality and breeding sufficient to command a place at the head of good herds. In fact the entire bull offering will be found a very desirable lot.

A cordial invitation is extended to breeders and farmers alike as I am offering a lot of cattle that will meet the demands of the most fastidious in pedigree, and also some very desirable cattle for those looking for foundation stock at a moderate price.

I guarantee every animal except calves sold with dam—will be guaranteed a breeder. Guarantee on cows.—Cows sold with calves at foot, or showing safe in calf, are proven breeders, and will place no guarantee on their future, but cows lately bred and open heifers must produce for the purchaser or same may be returned to me in as good condition as when purchased. Money will be refunded at 6 per cent from date of purchase.

Guarantee on bulls.—Bulls will be guaranteed breeders if not allowed to run at large with the breeding herd. In case an animal shall not prove a breeder I must be notified in writing within six months from date of sale, and such animal may be returned to us in as good condition as when purchased and money will be refunded as above.

Sale will be held under cover at Elder Lawn farm  $2\frac{1}{2}$  miles southeast of Peru, Madison county, Iowa. Peru is 35 miles southwest of Des Moines on the C. G. W. R. R., and 3 miles west of Truro, on the K. & W. R. R. Free

**Imp. Autumn Glade**—By the famous Cumberland—is a valuable eow of Mr. Cruickshank's own breeding, and attention is particularly asked to the exceeding richness of her pedigree—the line of Sittyton celebrities on top being preceeded by an array of Booth, Knightly, Bates, Dudding, Champion and other bulls of sound old English herd book stocks, anchored in the herd of Sir George Strickland. This is a family that has produced many grand Short-Horns.

**Golden Lord**—One of the herd bulls in Mr. Martin Flynn's noted herd was got by Lord Mayor 112727, out of Norton's Golden Drop by the pure Bates Wild Eyes bull Imp. Underly Wild Eyes 31312 that sold for \$2,000; Imp. Golden Drop 4th by Sir Christopher (22895).

**Highland Chief**—By True Highlander 121401, out of Mysie of Aberdeen, by Imp. Amhurst (47341); Mysie of Turlington by Violet Knight 78287; Mysie 4th by Earl of Aberdeen 45992; Mysie 43d by Crown Prince of Athelstane 2d 16585; Imp. Mysie 36th, by Scotland's Pride (25100).

**King James** is a pure Cruickshank bull got by the noted Imp. Spartan Hero 77932, out of Imp. Narcissus by Barmpton 45246; Flora 7th by Royal Fourth (25022).

**NOTE.**—Mr. Flynn says of Lord Avon, "He is a show bull in any company and good enough to head any herd." He won first in class at the Madison County Fair in 1903, and stood at the head of the sweepstakes herd.

**Imp. Wild Eyes 34th**—Bred by J. Thom, Penrith, Eng.; selected by the late Col. H. M. Vaile, of Independence, Mo., on account of her individuality and high breeding, and imported in 1880. Short-Horn breeders everywhere appreciate the high esteem in which the Wild Eyes tribe is held, being one of the favorite tribes of Mr Thos. Bates, who as a breeder stood unexcelled during his day and generation. A few years back such animals as Wild Eyes 71st would have sold for from \$1,500 to \$5,000 per head.

**Cragg's Duke 3d**—A pure Bates bull; red, and a grand, low down blocky individual, sired by Rowley's Kirklevington 120907—a pure Bates; dam 29th Duchess of Oak Hill, tracing to Imp. Alice Maud, by Imp. Grand Duke.

**Golden Lord**—One of the herd bulls in Mr. Martin Flynn's noted herd was got by Lord Mayor 112727, out of Norton's Golden Drop by the pure Bates Wild Eyes bull Imp. Underly Wild Eyes 31312 that sold for \$2,000; Imp. Golden Drop 4th by Sir Christopher (22895).

**NOTE.**—Waterloo Wild Eyes Duke 3d, of the famous Bates Wild Eyes tribe, was retained and used as one of the chief stock bulls at Walnut Hill until the past season. He is a massive bull of great substance with full quarters, strong loin and deep full chest, with strong head and horn, indicative of an impressive sire. Mr. Flynn says of him, "I consider him one of the best bulls ever used at Walnut Hill."

**Duchess of Kent** is one of the grandest specimens of the Short-Horn breed. She belonged to, or descended from a family that has forced its way in popular favor by the number of grand individual animals it has produced. As far, too, as blood is concerned, she was one of the purest of the pure in Bates blood, having no out-cross whatever, tracing in all lines to animals bred and owned by the late Thos. Bates, Kirklevington, England, whose name an fame as a Short-Horn breeder wilt be known through all ages of the world, that is, wherever Short-Horns exist. At A. L. Hamilton's sale in Kentucky, June 11, 1844, 4th Duchess of Kent brought \$4,700, and at J. C. Hamilton's sale, same year, 3d Duchess of Kent sold for \$5,000.

**Duke Wild Eyes**—A pure Bates bull—used at the head of the Walnut Hill herd; by Rowley's Kirklevington 120907; dam Wild Eyes Duchess, by 15th Duke of Hilldale 102707, tracing to Imp. Duchess Velvet Eyes 4th by Grand Duke 26th (34065).

**Walnut Hill Wild Eyes**—A pure Bates bull used at the head of the Walnut Hill herd—by 33d Duke of Airdrie 50833; dam Imp Lady Turncroft Wild Eyes 2d, by Duke of Tregunter 7th 51355.

**3d Duke of Hillhurst**—By 6th Duke of Geneva (30959); dam Duchess 101st by 4th Duke of Thorndale (17750), etc

**2d Duke of Claro**—By 4th Duke of Oxford 11387; dam Duchess 69th, by 6th Duke of Oxfcrd (12765).

**NOTE.**—This is perhaps as good a Bates cow as there is living today. Although young she has demonstrated herself a great breeder. She produced the first prize bull calf at the Madison County Fair which I sold to go to Nebraska at a long price. Bred April 23d to Duke of Decatur 172347.

**Imp. Rose of Sharon**—was bred by Thomas Bates, Kirklevington, Eng., and imported in 1836 by the Ohio Importing Co. From this famous cow has descended one of the finest tribes of cattle known to the breeders of the world. This tribe became famous in the hands of the late Abram Renick, of Kentucky. He sold at one time six females for exportation to England at an average of \$3,600, and would not price any females to remain in this country until previous to his death. His bulls he sold at from \$500 to \$1,200 each, to head Short-Horn herds. Bulls of this tribe have stood at the head of more herds than from any other tribe ever imported.

**Imp Young Mary**—was one of the most remarkable cows ever imported. She was sold at the Ohio Importing Co.'s. sale Oct 29, 1836, with her daughter, Pocahontas, for \$1,500; she was a large cow, but not strictly of show yard character; an excellent milker and very prolific breeder; she lived to be about twenty years old and died after giving birth to her sixteenth calf; five of her daughters were got by Imp. Goldfinder, one of them, Hannah Moore, was exhibited at all the leading fairs of Kentucky and never suffered defeat. Young Mary's descendants, like those of Young Phyllis, are numbered by the thousands, and there is hardly a herd in the United States so good but what its owner can, with pride, point out some of his best cattle as being Young Marys.

**Imp. Lady Sale 2d**—bred by J Stephenson, Wolviston, Eng; imported by Sherwood & Stevens, of New York. The line of blood from which this family comes is the oldest of record, and is very much admired both in this country and England. The noted bull Belvedere (1706), sire of Mr. Bates' Duke of Northumberland, was of this Princess blood. Several cows of this breeding have been exported to England.

**Baron Champion**—A fine, low down, blocky, easy keeping bull and one of the finest Cruickshank families, bred by Hon John W. Dryden, Brooklyn, Canada, was sired by Imp. Sussex 100999, of Cruickshank's Secret family; dam, Comfort by Imp. Vensgarth (7492); 2d dam Coquette by Baron Surprise (45993), etc., to Clipper by Billy (3151). This family has produced several of the most famous bulls ever bred by Mr. Cruickshank, such as Roan Gauntlet, Cumberland, Commodore, and other good ones.

**Fennel Duke of Oakland**—Of choice Bates breeding; got by Lord Acomb 6th 52421, out of Princess 12th by Imp. Kirklevington Duke 46385; Imp. Princess by Duke of Weatherby 6th (33757); Princess by 2d Duke of Watherby (21618); Fennell Duchess 5th by 13th Duke of Oxford (21604).

**NOTE.**—The type of this cow is that of a typical feeder, due to calve about sale day.

**Imp. Josephine**—bred by that eminent breeder, Mr. J. Whitaker, of Otley, Yorkshire, Eng., was imported in the year 1836 by Felix Renick with the Ohio Co's. importaion, and afterward passed into the hands of James Renick, of Bourbon county, Ky., brother of Abram Renick, the eminent breeder of the Renick Rose of Sharons. By him and family, the Josephines have since been bred substantially, like the Rose of Sharons.

**Duke of Oakland 2d**—Cruickshank's Orange Blossom tribe, is a bull of wonderful symmetry of conformation; heavy-fleshed, evenly distributed, a bull of great style and finish. Good judges have pronounced him one of the best bulls of the present day. Got by Prince President 2d 116890; dam, Orange Blossom of Oakland 4th by Imp. King of Aberdeen 75747. A bull of great individuality, his calves stamp him as a most impressive sire.

**Lord Victor**—By Imp. Sparton Hero; dam, Imp. Victoria 66th, Cruickshank's famous Victoria family; is a grand bull, long at the head of Bluffview herd; massive, yet smooth, with wonderful vigor and strong constitution, and better still, is an impressive sire

**Poppy's Duke of Sharon**—A Rose of Sharon 5447; Red Rose of Sharon by Airdrie 3d 13320; Poppy's Duchess of Geneva by 2d Duke of Geneva 5662, a show bull; Poppy 2d by Imp. Duke of Airdrie (12730); Poppy by Ashland 220; Red Rose by Prince Charles 2d 861; Thames by Shakespeare 2195; Lady of the Lake by Imp. Reformer (2505); Imp. Rose of Sharon by Belvedere (1706).

**NOTE**—This cow has the size, broad back and feeding qualities so characteristic of Duke of Oakland 2d, yet she is also a very heavy milker.

**Rob Roy**—Got by Waterloo 78343, out of Lady Halstead 2d by the \$1,000 Jubilee's Breastplate 32937, tracing to Imp. Halstead's Surprise by Imp. Old Sam (32449), the bull that headed Col. King's show herd at St. Louis in 1870, of which Sanders' History says: "The herd prize fell to this herd after one of the most exciting contests ever known in American yards. Illinois, Missouri and Kentucky were defeated, but Great Britain and Canada had been ransacked with a blank check book to do the trick."

**NOTE.**—This is an exceptionally fine young cow. I am reserving a splendid heifer calf from her.

**Imp Young Mary**—was one of the most remarkable cows ever imported. She was sold at the Ohio Importing Co's. sale Oct 29, 1836, with her daughter, Pocahontas, for \$1,500; she was a large cow, but not strictly of show yard character; an excellent milker and very prolific breeder; she lived to be about twenty years old and died after giving birth to her sixteenth calf; five of her daughters were got by Imp. Goldfinder, one of them, Hannah Moore, was exhibited at all the leading fairs of Kentucky and never suffered defeat. Young Mary's descendants, like those of Young Phyllis, are numbered by the thousands, and there is hardly a herd in the United States so good but what its owner can, with pride, point out some of his best cattle as being Young Marys.

**Prince of the Marys** was a red bull, got by Lord Barrington 2d 60278 (he by Barrington Duke 37622, out of Barrington Lally 2d by Oxford Geneva 24221), out of Mary Belle by Young Mary Duke 17th 54406, tracing to Imp. Young Mary by Jupiter (2170).

**Kirklevington Duke 10th** -Got by Fennel Duke 46070, out of Kirklevington Duchess 8th by Kirklevington Duke 46385, out of Imp. Kirklevington Duchess 3d by 2d Duke of Rowley 45260, out of Lady Kirklevington 2d by Erl of Oxford 21651. Mr. E. J. Moore paid \$750 to Mr. Allen for this bull when Short-Horn Cattle were low. He was the pick from the fine string of bulls that Mr. Allen had at that time. He was a grand bull.

**NOTE.**--11th Young Mary of Pleasant Point was bred April 28th to Dewey of Nonpareil 185912, whose sire was Wild Eyes Duke 5th 123049, who was an unusual good breeder of fine style and finish. 11th Young Mary has never failed to raise a calf each year since she was two years old.

**Imp. Goldie 18th**—Bred by W. S. Marr, Scotland, imported in 1874 by Lowman. This cow was very productive and a grand milking cow, and transmitted her good breeding and milking qualities to her progeny. The original Goldie was bred by Messrs. Smith & Co., of Iverness. She was a remarkably fine specimen of the breed, having for sire the Sittyton bred Goldsmith (14632). She came to Uppermill about 1858, where she produced in 1865 the bull Gold Digger that was sold to the late Mr. Duthie, father of the present Wm. Duthie, of Collynie. He proved such a good sire that he was bought back for Uppermill and rendered valuable service. Goldie was fed for exhibition at the Smithfield show in London, where she was a prize winner after having produced four calves.

**Dewey of Nonpareil**—Got by the Bates Wild Eyes bull Wild Eyes Duke 5th 123049, (an extra good breeding bull,) out of Racilla 15th by Kirklevington Golden 116159; Racilla 14th by Kirklevington Duke 10th 52300, tracing to Imp. Mundane by Richmond (1380).

**Imp Young Mary**—was one of the most remarkable cows ever imported. She was sold at the Ohio Importing Co's. sale Oct 29, 1836, with her daughter, Pocahontas, for \$1,500; she was a large cow, but not strictly of show yard character; an excellent milker and very prolific breeder; she lived to be about twenty years old and died after giving birth to her sixteenth calf; five of her daughters were got by Imp. Goldfinder, one of them, Hannah Moore, was exhibited at all the leading fairs of Kentucky and never suffered defeat. Young Mary's descendants, like those of Young Phyllis, are numbered by the thousands, and there is hardly a herd in the United States so good but what its owner can, with pride, point out some of his best cattle as being Young Marys.

**Young Oxford**—Got by 2d Royal Oxford 120964, out of Minnie of North River by Prince of Riverdale 116893; Minnie 9th by Clark Duke 91010; Minnie 5th by Earl of Dardenne 23021.

**Imp Young Mary**—was one of the most remarkable cows ever imported. She was sold at the Ohio Importing Co's. sale Oct 29, 1836, with her daughter, Pocahontas, for \$1,500; she was a large cow, but not strictly of show yard character; an excellent milker and very prolific breeder; she lived to be about twenty years old and died after giving birth to her sixteenth calf; five of her daughters were got by Imp. Goldfinder, one of them, Hannah Moore, was exhibited at all the leading fairs of Kentucky and never suffered defeat. Young Mary's descendants, like those of Young Phyllis, are numbered by the thousands, and there is hardly a herd in the United States so good but what its owner can, with pride, point out some of his best cattle as being Young Marys.

**Young Oxford**—Got by 2d Royal Oxford 120964, out of Minnie of North River by Prince of Riverdale 116893; Minnie 9th by Clark Duke 91010; Minnie 5th by Earl of Dardenne 23021.

**Prince Albert**—Got by Prince Phyllis 120627, out of Louan of Clover Hill by the \$1,000 show bull Gen. Booth 69822; 3d Louan Duchess of Oakdale by the Pure Duke bull 22d Duke of Airdrie 16695; 4th Louan of Hilldale by Royal Prince of Oxford 24736, tracing to Imp. Rosemary by Flash (261).

**NOTE**—This is a grand young heifer, good enough to go in any herd. She descends from a great family for beef and milk. I am reserving her dam in the herd.

**Imp Duchess of Thorndale 3d** was a roan, calved in March, 1876, and imported in October of the same year by Mr. John Hope, of Canada. She was a choicely bred cow of the best Bates blood, and it will be observed that the best tops that have been put on by American breeders have been one of the best on purest Bates blood.

**Waterloo Wild Eyes Duke 4th** -got by Duke Wild Eyes 129241, out of Wild Eyes 64th by Waterloo Duke 8th 89876. The Wild Eyes is one of the purest of the Bates families, and the prices they have brought are second only to the Duchess and Oxford tribes. At the dispersion sale of Mr. Bates in 1850, the Wild Eyes were the most numerous of all the six tribes. The second highest priced Short-Horn cow in Iowa is a Wild Eyes, viz.: Wild Eyes 61st sold for \$3,040 at the Bigler sale, June, 1902, topping their sale by over \$500.

**Airdrie Wild Eyes Duke 2d** -got by Walnut Hill Wild Eyes Duke 10129 out of Wild Eyes 36th by 31st Duke of Airdrie 50831, tracing to Imp. Wild Eyes 34th by 14th Duke of Oxford (21605).

**NOTE.**—This is a splendid calf of straight Bates breeding, good enough to head a first class herd.

**Duchess of Kent** is one of the grandest specimens of the Short-Horn breed. She belonged to, or descended from a family that has forced its way in popular favor by the number of grand individual animals it has produced. As far, too, as blood is concerned, she was one of the purest of the pure in Bates blood, having no out-cross whatever, tracing in all lines to animals bred and owned by the late Thos. Bates, Kirklevington, England, whose name and fame as a Short-Horn breeder will be known through all ages of the world, that is, wherever Short-Horns exist. At A. L. Hamilton's sale in Kentucky June 11, 1844, 4th Duchess of Kent brought \$4,700, and at J. C. Hamilton's sale, same year, 3d Duchess of Kent sold for \$5,000.

**Count Waterloo**—sired by Victorious 121469 (he by Lord Mayor 112727; dam 6th Linwood Victoria, by Baron Victor 42824; Victoria 52d by Imp. Viscount 18507; Imp. Victoria 51st by Royal Duke of Gloster); dam Waterloo Duchess of Hazelhurst 6th by Peculated Wild Eyes 109348; Waterloo Duchess 5th by 31st Duke of Airdrie 50831; Imp. Waterloo Duchess 3d, imported in 1880 by the late H. M. Vaile. Breeders are respectfully invited to study the rich blending of Cruickshank and Bates blood in Count Waterloo. He was purchased to use on the Walnut Hill herd where he has proven himself a very valuable sire, by the neat finish and thick flesh carrying qualities of his get.

**Golden Lord**—One of the herd bulls in Mr. Martin Flynn's noted herd was got by Lord Mayor 112727, out of Norton's Golden Drop by the pure Bates Wild Eyes bull Imp. Underly Wild Eyes 31312 that sold for \$2,000; Imp. Gol. den Drop 4th by Sir Christopher (22895).

**Imp. Arabella**—bred by Mr. Wetherell in England, imported by Mr. Williams, of Boston. The blood contained in her pedigree was the best in England, and the family she left in America is highly valued. Her blood has been greatly intermingled with the Princess tribe, which have made large averages, and several of them have been exported to England. The family stands among the best milking tribes of Short-Horns in America.

**Commodore**—got by Gwynne Lad 123182, out of Charmer 8th by the noted breeding bull and sire of prize-winners Imp. Baron Cruickshank 106297; Imp. Charmer 6th by Gravesend 98361.

**Golden Chief 6th**—got by Golden Chief 75063 out of Princess Orange Blossom by Golden Prince 75068; Grange Blossom of Cedar 9th by General Garfield 41958, tracing to the Imp. Cruickshank cow Orange Blossom 18th, one of the best cows ever imported, sold in 1876 for \$3,500. She was considered almost a model of perfection.

**Knight of Venus**—a pure Cruickshank bull; was got by Imp. Troubadour 89734, out of Imp. Arum by Crusader 73534; Amaranth by Barmpton 45246.

**NOTE**—This calf is worthy the consideration of anyone looking for a first class herd bull. He won second prize at the Madison county fair. His dam is a very large cow on short legs, weighing over 1600 pounds. She won first at the Madison county fair; was also a member of my herd that won sweepstakes over all breeds.

**Imp Young Mary**—was one of the most remarkable cows ever imported. She was sold at the Ohio Importing Co's. sale Oct 29, 1836, with her daughter, Pocahontas, for \$1,500; she was a large cow, but not strictly of show yard character; an excellent milker and very prolific breeder; she lived to be about twenty years old and died after giving birth to her sixteenth calf; five of her daughters were got by Imp. Goldfinder, one of them, Hannah Moore, was exhibited at all the leading fairs of Kentucky and never suffered defeat. Young Mary's descendants, like those of Young Phyllis, are numbered by the thousands, and there is hardly a herd in the United States so good but what its owner can, with pride, point out some of his best cattle as being Young Marys.

**Imp. Goldie 18th**—Bred by W. S. Marr, Scotland; imported in 1874 by Lowman. This cow was very productive and a grand milking cow, and transmitted her good breeding and milking qualities to her progeny. The original Goldie was bred by Messrs. Smith & Co. of Iverness. She was a remarkably fine specimen of the breed, having for a sire the Sittyton bred Goldsmith (14632). She came to Uppermill about 1858, where she produced in 1865 the bull Gold Digger that was sold to the late Mr. Duthie, father of the present Wm. Duthie, of Collynie. He proved such a good sire that he was bought back for Uppermill and rendered valuable service. Goldie was fed for exhibition at the Smithfield show in London, where she was a prize winner after having produced four calves.
